Our Markets

We strive to offer the healthiest, most bioavailable high quality 100% all-natural ingredients. Natural Edge's protein is a great fit for:

- ANYONE looking to live a healthy lifestyle free of chemical additives!
- Fitness professionals (bodybuilders, fitness competitors, marathon runners, triathletes, professional athletes, etc)
- Personal Trainers
- Natural Health/ Whole Food Retailers
- Chain Retailers
- Physicians, Chiropractors and Diabetic Clinics
- Independent Weight Loss Clinics
- Spas and Wellness Facilities
- Universities—Sports Nutrition Programs
- High Schools—Athletics
- Geriatrics (Nursing Homes, Assisted Living Facilities)

"I've tried nearly every protein powder or meal replacement on the market and every one to date has included negative qualities I didn't like but had to endure because there were no better options. I would challenge anyone using protein powder supplements to compare Natural Edge® to others on the market. They simply don't stack up."

NATURAL EDGE®

Helping You Live a Healthy Balanced Life

The Natural Edge® Story

The Natural Edge® brand was born in 2001, and immediately filled a niche as the only Low-Glycemic, Great-tasting, Hormone Free, 100% All-Natural Meal Replacement and Pure Protein product-line on the market.

Our team spent months in and out of the lab,testing and re-testing, tasting and re-tasting until we came out with a formulation so clean and meticulously crafted that lab technicians at some of the country's largest natural product manufacturers couldn't replicate the final product.

NUTRITION FACTS

Serving Size: 1 level scoop (30 g)
Servings per container: 30

Amount Per Serving	
Calories 110	Calories from fat 1,1 g
	% Daily Value*

Complete Blend Whey

- Natural Edge® WHEY PROTEIN combines 5 different proteins (20 grams total per serving), in a precise matrix with virtually no fat or carbs
- High levels of Branch Chain Amino Acids
- Perfect for post workout, between meals or before bed

Quality Ingredients in all Products

100% Grass Fed-Hormone Free Whey Protein

Natural Edge® Protein comes from grass fed cows located in New Zealand. These cows are NEVER subjected to any chemicals, hormones, antibiotics, genetically modified organisms or injected pathogens.

Natural Ingredients

We only put high quality, high bio-available (the degree to which your body digests, absorbs and utilizes) ingredients into our products, making them the natural and obvious choice for health conscious consumers.

Diabetic Safe

We use only natural sweeteners in our protein. Enhanced only with Stevia, Lo Han and Xylitol. Our products do NOT contain any artificial sweeteners.

Gluten Free

All of our products are gluten free. This is a good option for Celiac disease customers.

BCAA's

Branched-chain amino acids are essential nutrients that the body obtains from proteins found in food, especially meat, dairy products, and legumes. They include Leucine, Isoleucine, and Valine. BCAA's stimulate the building of protein in muscle and reduce muscle breakdown. High levels are found in our protein for maximum muscle building.

Enzyme Blend

Contains Bioperine, Lactase, Papain and Bromelain which help the complete break down, absorption and assimilation of amino acids, vitamins, minerals, and nutrients.
